Personal Statement

I would hope to be an asset to Fatfield Academy as a school governor. I have two children currently attending Fatfield and I am a proactive person willing to be effective in providing ideas and supporting the school in these difficult times we are facing.

I bring a honest and hard working approach to my work. It is the same attitude I would bring to this important role, the voice of the parents is vital in the running of the school. If elected I will bring a positive attitude to the table, showing commitment and dedication to school for the well being of both the children and the school.

I believe education is the foundation and building blocks for children to do great things in life and making their journey at school fun, safe and happy is important.

I have experience in supporting adults and children who have disabilities in my project manager position, working with a diverse range of individuals helping them sustain a fulfilling and normal life.

Thank you for your consideration

J. McDermott
